

SONAM S WALEKAR

Entry-Level Data Scientist | Strong Foundation in Data Analysis, Statistics & Machine Learning

Ph no. - 9535787153

Gmail - sonamwalekar42001@gmail.com

LinkedIn - <https://www.linkedin.com/in/sonamwalekar>

Professional Summary:

Data Science fresher with hands-on experience in Python, SQL, Excel, Power BI, and Tableau. Skilled in data analysis, data visualization, and machine learning concepts including data preprocessing, classification, and predictive analysis. Capable of transforming raw data into meaningful insights to support data-driven business decision-making.

EDUCATION

Masters in Computer Science (2023-2025)

Karnataka University, Dharwad

CGPA – 7.78

EXPERIENCE

Data Science Intern at Besant Technologies | Dec 2025 – May 2026

Completed a Data Science internship at Besant Technologies with hands-on experience in analysing and processing datasets using Python, SQL, and Excel. Skilled in data cleaning, transformation, visualization, and dashboard development using Power BI and Tableau to generate actionable business insights. Experienced in writing optimized SQL queries, performing exploratory data analysis, and applying machine learning concepts such as data preprocessing, classification, and predictive analysis. Additionally, utilized statistical techniques including correlation, data distribution, and hypothesis testing to support data-driven decision-making and analytical reporting.

TECHNICAL SKILLS

Programming: Python, SQL

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn

Data Analysis: Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA)

Machine Learning: Regression, Classification, Clustering, Model Evaluation

Statistics: Probability, Hypothesis Testing, Correlation, Data Distribution

Data Visualization: Power BI, Tableau, Microsoft Excel

Tools & Technologies: Jupyter Notebook, MySQL, Microsoft Office

SOFT SKILLS

Communication & Data Storytelling

Problem-Solving & Critical Thinking

Attention to Detail

Time Management & Team Collaboration

Business Understanding

PROJECT

Pizza Sales Analysis Dashboard (Power BI)

- Developed an interactive Power BI dashboard to analyse pizza sales performance and KPIs.
- Visualized sales trends, customer preferences, and category-wise performance using charts and filters.
- Analysed monthly and quarterly sales data to support business insights and decision-making.

SQL-Based Sales Performance Analysis (SQL)

- Analysed supermarket sales data using SQL to identify revenue, profit, and customer trends.
- Used joins, aggregations, and subqueries to extract and transform business data efficiently.
- Evaluated sales performance metrics including profit margin, discount impact, and regional trends.

Prime Video Analysis Dashboard (Tableau)

- Created an interactive Tableau dashboard to analyse Prime Video content and viewing trends.
- Visualized genre distribution, ratings analysis, and yearly content release patterns.
- Enabled data-driven insights using filters, charts, and interactive visualizations.

CERTIFICATION

- Diploma in Office Management
- NCC 'A' Certificate – 38 Karnataka Battalion
- Digital Literacy Certificate
